Dear Sir,

- 1) In year 2000, The Beaufort Hotel acquired a Deister Electronic Guard Tour Monitoring System. The system is used to ensure a round the clock Guard Patrolling of the hotel premises and comprises of more than 40 points.
- 2) To ensure a professional security operation, the management has to provide the patrolling officers with a reliable system, which at the same time allows the management to monitor the officer's performance.
- 3) Deister's Guard Patrolling System is user friendly, durable and the comprehensive evaluation reports facilitate a smooth and efficient operation. Thus Deister's system had proven to be good choice.
- 4) Most of all, the management is impressed by the professional service offered by Coselec Pte Ltd. The entire system is being regularly serviced by an experienced Engineer and the company has never failed in providing good support and a reliable backup whenever needed.
- 5) The management of The Beaufort Hotel is very happy with the performance and has no hesitation to refer the Deister's Electronic Guard Tour System and Coselec Pte Ltd to other interested parties.

Yours faithfully

Mohd Tahar Bin Jaffar
Chief Security Officer
