Attn: Mr Bharathi Raja

Dear Sir,

We want you & your company to know that we are very pleased with the quality of service your company provides. We sincerely appreciate your responsiveness and the way you conduct business.

We purchased the proxSafe Automatic Electronic Key Management System through MOE ITQ in Year 2015.

The Automatic Electronic Key Management System (AEKMS) fully automated with contactless RFID had served us well over the years. The AEKMS is indeed simple to use. Hence, both staff, teachers & selected students are given the rights to draw the respective key(s) from the system instead of taking it through the counter to save time.

The system helps to track for every key so as to avoid any missing and/or unreturned keys, wrong issuing of keys and mishandling of keys. Moreover, the system is zero maintenance and we did not face any technical issue thus far.

We have recommended your company to other schools because of our satisfaction with your product & service. We look forward to doing business with you & Coselec for years to come.

Thank you.

Yours faithfully

Phua Hock Chuan
