## LETTER OF REFERENCE

14 Sep 2018

To whom it may concern

Dear Sir or Madam

We at North Vista Secondary School is a satisfied client who purchased proxSafe key management system from M/s Coselec Pte Ltd.

We purchased the product through MOE ITQ in Nov 2014. We took the risk to purchase proxSafe key management system as the cost was our concerned. But we are convinced with the presentation by Mr Thiru during site demonstration. It worth it.

We purchase 2 units; 1 unit is a keypress for classroom and CCA room keys and the other for office use. As the system is simple to use, student are given the rights to take their classroom key instead of taking it through the counter.

The system helps to avoid any missing keys, wrong issuing of keys and mishandling of keys. In addition, the system is almost zero maintenance and we did not face with any issue when we migrated to MOE SSOE2e.

Since the system is hassle free and easy to manage, NV have recommended the system to several schools within the school cluster and some have already purchased and harvested similar results.

Thank you

Yours faithfully

Shahri Hairalah
