LETTER OF REFERENCE

9 Jul 2019

To whom it may concern

Dear Sir / Madam,

The school management at St Gabriel's Secondary School are satisfied clients having purchased proxSafe key management system from M/s Coselec Pte Ltd.

We purchased this product through MOE ITQ in Dec 2013. Although we thought the initial cost was high but after hearing Mr Barathi Raja's presentation and demonstration we were convinced the product is very useful and worth it.

We purchase 2 units for the General Office keypress. The system is simple to use, teachers and staff are given the rights to take their classroom keys instead of taking it through the counter.

The system registers the users name when issuing the keys as such this helps to avoid any missing keys, wrong issuing of keys and mishandling of keys. In addition, the system is almost zero maintenance and we did not face with any issue when we migrated to MOE SSOE2e.

Since the system is hassle free and easy to manage, I have recommended the system to several schools within our school cluster and some have already purchased and got similar results.

Thank you.

Best Regards,

Varatharaja Nadarajan PBM
