

**BEACON  
PRIMARY SCHOOL**

Date: 15 July 2019

To Whom It May Concern

Dear Sir / Madam

**LETTER OF REFERENCE  
proxSafe key management system**

This is to confirm that our school is one of the happy users of the proxsafe key management system supplied by Coselec Pte Ltd.

It was after much sourcing and careful evaluation of several other key management systems that our school decided to invest into this German made proxSafe system. The proxSafe system was chosen as it fully met our school's key requirements as well as compliant with the **MOE's Schools Standard ICT Operating Environment (SSOE2) standards.**

The school has been using the Deister Electronic key management system for nearly 9 years. The proxSafe system is installed at the General Office and manages over 60 keys belonging to several areas ranging from special rooms, science laboratories, computer laboratory, auditoriums and PE room.

The proxSafe key management system is very durable, fully automatic, and highly innovative and totally eliminates the cumbersome manual process of record-keeping and administration. The system provides an audit trail of each and every key. This has encouraged ownership of keys which translates to very prompt return of keys and almost zero incidence of lost keys.

We will not hesitate to recommend this proxSafe system to any interested schools.

Thank you.

Yours faithfully,  
Jemuel Ong  
Subject Head ICT and Innovation
